Experience

University of Dallas

October 2025 – Apr 2026

CRM Analyst Intern

Dallas, TX

- Designed and optimized SQL queries within Slate CRM, improving data retrieval efficiency across admissions workflows
- Automated data processing tasks using Google Apps Script, reducing manual workload and increasing operational efficiency
- Led data cleanup and normalization efforts, improving consistency and integrity of applicant records

CE Solutions

June 2025 – Apr 2026

Software Developer Intern (Full Stack)

Dallas, TX

- Built a full-stack adult learning platform using ASP.NET and React to support simulation-based training
- Developed backend APIs and Azure SQL database schemas for scalable storage and retrieval of structured learning data
- Integrated FFmpeg-based pipeline for screen, audio, and video capture enabling automated content generation

Projects

Document Management System | Go, React, MongoDB

May 2025

- Developed a distributed file management system supporting upload, retrieval, modification, and deletion operations
- Implemented RESTful APIs in Go for file handling and designed MongoDB schema for efficient storage and querying
- Built React frontend enabling real-time interaction with backend and collaborated in a team of 3 using modular architecture and version control

Reinforcement Learning Drone Simulation | Python, PyTorch, Stable-Baselines3

Nov 2024

- Trained and evaluated RL agents for drone navigation tasks using policy optimization methods, custom observation spaces, and reward functions to improve model convergence

Education

University of Dallas

Aug 2022 – May 2026

Bachelor of Science in Computer Science, GPA: 3.49 (Major)

Dallas, TX

Technical Skills

- **Languages:** Python, Java, JavaScript, C#, Go, SQL, Rust, C, MATLAB, Racket
- **Frameworks:** ASP.NET, React, Node.js, Express
- **Tools/Systems:** Git, MongoDB, Azure SQL, Linux, FFmpeg

Leadership & Activities

University of Dallas Martial Arts Club

Jan 2023 – Apr 2026

President

Dallas, TX

- Led a student organization focused on martial arts training and discipline
- Organized training sessions, managed club operations and member engagement

Programming Team, University of Dallas

Oct 2023 – May 2025

Member

Dallas, TX

- Competed in algorithmic programming contests solving complex problems under time constraints
- Achieved top 50% rankings in multiple competitions and earned 3rd place local award (2024)
